Minutes Matter!

Your child should read a minimum of 80 minutes per week. Students may listen to someone read, read to themselves, or read to others. Your child needs to practice skills being taught at school, gain confidence, improve fluency, and develop a love of reading.

In the Mack Binder there will always be a reading log. Sometimes their minutes will be used for the reading incentive program. Other logs will be used when the incentive program is not currently in progress. Please add the total minutes read and sign daily.
