first  
girl  
purple  
turn  
water  
sister

## Sharing the Planet

- Lifecycles of plants and animals
- Interconnectedness of plants and animals
- Responsibility to living things

## Minutes Matter!

Your child should read a minimum of 80 minutes per week. Students may listen to someone read, read to themselves, or read to others. Your child needs to practice skills being taught at school, gain confidence, improve fluency, and develop a love of reading.

In the Mack Binder there will always be a reading log. Sometimes their minutes will be used for the reading incentive program. Other logs will be used when the incentive program is not currently in progress. Please add the total minutes read and sign daily.

## Special's Schedule

Monday: **YELLOW**

Tuesday: **GREEN**

Wednesday: **BLUE**

Thursday: **PURPLE**

Friday: **PINK**

# Peek of the Week!

Name \_\_\_\_\_

April 16-20

<b>Math</b>	<b>We will classify and sort 2D shapes. Will we identify the shapes attributes and create shapes using 2D shapes.</b>
<b>Reading</b>	<b>We will generate questions, gather evidence, use text features and record information. We will create a visual display using the information.</b>
<b>Language Arts</b>	<b>We will use prepositional phrases in our writing. We will write brief compositions about topics of interest.</b>
<b>Science &amp; Social Studies</b>	<b>We will inquire into plants, animals, biomes and life cycles and the interconnectedness of living things.</b>
