

## Grading Guidelines for Rogers Middle School

A student receiving a failing grade on a classroom assignment or test with scores of 69 or below, has one opportunity to make corrections to earn a grade up to 70. *The student must request from his/her teacher the opportunity to make corrections or schedule the retake of the test.* Students have **up to three days** from the time the assignment is handed back to him/her or recorded in Skyward to make corrections or retake the test. This guideline does not include long-term projects or district benchmarks.

### Make-Up Work & Late Work

Students are expected to turn in work on the day provided by the teacher. *If it is not turned in, a zero will be placed in the Skyward gradebook until it is submitted to the teacher.* Students will be able to correct their missed work for a maximum grade of 70 if turned in by the correction due date.

### Redo/ Reassessment:

Students are able to correct any daily grade 69 or below for a maximum score of 70. *The student has up to 3 days from the time the assignment is handed back to him/her or recorded in Skyward to make corrections or retake the test.* This guideline does not include projects, final or semester exams, or district benchmarks.

*Re-assessment will not be required for major projects in which an extended period of time has been provided to complete the assignment.* However, the teacher should use milestones in the progression of the work involved for the major project to ensure that students are making reasonable progress to the completion of the assignment, which could be recorded as daily grades.

### Types of Grades:

60% = *Daily Grades* include classroom activities, quizzes, in-class writing samples, or other in-class activities, homework. Daily grades can be divided into different sub-categories, such as participatory daily grades (in-class activities, etc.) and independent daily grades (quizzes, etc.).

40% = *Major Grades* include long-term projects, in-class assessments, and tests.
