

How to Download and Listen to Learning Ally AudioBooks

Identify what device you will use.

Windows, Mac
or Chromebook

Download the free LINK
software for your type of
personal computer:
<https://learningally.org/Link>

Open the Link software and log
into your LA account:

Username: _____
Password: _____

Contact your campus LA
representative if you need log-in
information for your child.
(UN and PW information stored in
your device after first log-in)

Add a book to electronic bookshelf:
Click "Add Books" in the blue
taskbar at the bottom of screen.

Search by subject, title, author,
grade or reading level. Select "Add
to Bookshelf" button. VOICEText is
text on screen + audio, ClassicAudio
is audio only. Switch back to Learn-
ing Ally program, refresh the screen
with button in upper corner,
then select blue download arrow
to transfer file to your device.

The refreshed screen will show
contents of the bookshelf. Down-
loadable books are marked with a
down arrow. Readable books are
marked with a play button.

Books students won't want to put down

Members have access to 80,000 human-read audiobooks including textbooks, fiction and classic literature through the Link app. Our VOICEText books make it easy to follow along by highlighting words as you read, enhancing comprehension.

Features to Help Students Learn

Link has the features that students need for an enjoyable and educational reading experience:

- Add notes to your bookmarks
- Customize your audio speed, text size and highlighting color
- Jump to a page or chapter
- And much more!

IOS or Android
devices

Go to the App Store or Google Play
Store and download the free
"Learning Ally" app.

Open the app and log into
your LA account:

Username: _____
Password: _____

Contact your campus LA
representative if you need log-in
information for your child.
(UN and PW information stored in
your device after first log in)

Add a book to electronic
bookshelf: Select profile image
in upper right of screen, then
choose "Add Books."

Search by subject, title, author,
grade or reading level. Select "Add
to Bookshelf" button. VOICEText is
text on screen + audio, ClassicAudio
is audio only. Switch back to Learn-
ing Ally app, update the screen with
 button under profile image, then
select blue download arrow to
transfer file to your device.

The refreshed screen will show
contents of the bookshelf. Down-
loadable books are marked with a
down arrow. Readable books are
marked with a play button.
