

2ND GRADE MENU

Week of May 18th

Choose any of the following activities to complete this week!

You may send pictures on Seesaw or in an email if you would like!

Math Focus

Write the facts below and use leaves, rocks, or other objects to show your answer.

$$7 + 6 =$$

$$8 + 4 =$$

$$9 + 5 =$$

$$8 + 8 =$$

$$11 + 7 =$$

Reading Focus

Find a cozy, dark spot in your house and with a flashlight read your favorite book.

Scavenger hunt

Look around your house or your yard for the items below.

Draw each item as you find it.

1. Rock
2. Lizard
3. 3D shape
4. Insect
5. Favorite book
6. Something red
7. Butterfly
8. Squirrel
9. Something that is about 3 inches long
10. Favorite toy

Math Focus

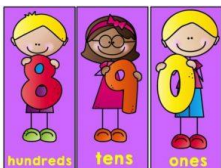

Maybe another riddle?

Solve the number riddle below. Then write your own number riddle and share it with someone.

Clues:

- My tens digit is double my hundreds digit.
- My hundreds digit is the number of vertices on any quadrilateral.
- The sum of my digits is 17.

What is my number?

Answer is 485

Sight Words

Play hopscotch with your sight words.

- Put one sight word and one rhyming word in each box.

If you don't have chalk continue to practice your sight words using markers, crayons, or play-doh.

Here are the sight words for this week:

might	short
round	hear
while	friend
family	would
thought	enough

Writing

Write about your favorite second grade memory.

- Color your nouns red.
- Color your adjectives yellow.
- Color your verbs green.
- Draw a picture of your memory.
