

MEET THE TEACHER — MISS SIMPSON

ABOUT ME:

This is my fourth year teaching 4th grade Math/Science/Social Studies at Challenger, and I spent three years at a previous school in 3rd and 5th grade. In my free time I love to read, watch sporting events, bake, run, spend time with family and friends, and play with my nieces! I'm an avid football fan and love to spend my weekends going to games. I have always loved math and enjoy sharing that love with my students. We're going to have a great year!
