

Oiler Hour Quick Reference Page

Oiler Hour was new to the PHS campus in 2017-18. This 60-minute portion of the day is focused on providing our students with additional time to develop a deeper understanding of their curriculum, utilize time management skills, and eat a quality lunch. For teachers, the hour will be split into two portions: An A-Shift and a B-Shift. Teachers will be providing tutorials built into the school day that students will be able to take advantage of, rather than having to stay after school.
