

Modules with Notes: This module has requirements that would not allow them to skip

1. **Warm up:** students must complete warm up on their own. (Students will click reply to submit their answers, then post reply) Then click next to go to the notes
2. **Notes:** Students take notes by either watching the teacher teach live, in person, or watch the pre-recorded video. Then take picture of the notes copied and upload. Click next to go to Daily Assignments.
3. **Daily Assignments:** have 3 steps

Step 1: complete the assignments on paper, *must show all work for full credit*

Step 2: Click on the Check your Answers link, input answers for all the questions, score 100%, redo if scored less than 100%. Correct any error on your paper.

Last step: take pictures of your work on the paper and upload.

Modules for Mixed practice and Test review:

Mixed practice and Test Reviews: have 3 steps

Step 1: complete the assignments on paper, *must show all work for full credit*

Step 2: Click on the Check your Answers link, input answers for all the questions, score 100%, redo if scored less than 100%. Correct any error on your paper.

Last step: take pictures of your work on the paper and upload.

Modules for Retest: This module has requirements that would not allow them to skip

Students must complete Test review first to unlock the Retest.

1. If student had completed the review before, retest would be unlocked.
2. If student had not completed the review before, they must complete that first then it will automatically unlock the retest.

*****This set up is subject to change.*****
