

# Addition and Subtraction Fact Families

- For this week's practice I have attached a link to brainpop jr.'s video on addition and subtraction fact families.  
<https://jr.brainpop.com/math/additionandsubtraction/additionandsubtractionfactfamilies/> login: sears Password: school
- After watching the video I want you to practice making your own fact families or related facts groups. If you are able to cut and past you can click the activity button and print out the worksheet they have to use that.
