

One of Pearland ISD 's World Class Goals is to promote parental partnerships. We believe that a strong and full school-home partnership will help all students to succeed and that parents and families play an integral role in supporting their child's learning as everyone succeeds if school, home, and community work together to promote high achievement by our children.

Parent and family involvement and engagement includes regular, two-way, and meaningful communication involving academic learning and other school activities. In order to support this partnership, Lawhon Elementary will reach out to all parents and family members and implement programs, activities, and procedures for the involvement of parents and family members in programs consistent with the requirements of Every Student Succeeds Act (ESSA) Section 1116. Such programs, activities, and procedures shall be planned and implemented with meaningful consultation with parents of participating children.

Lawhon Elementary receives Title I, Part A funds. Our goal is to plan and implement effective parent and family involvement activities to improve student academic achievement and school performance. Therefore, Lawhon Elementary will develop jointly with, agree on with, and distribute to, parents and family members of participating children a written parent and family engagement policy. This parent and family engagement policy will be incorporated into the Campus Improvement Plan (CIP) and establish the campus expectations and objectives for meaningful parent and family involvement.

Lawhon Elementary will take the following actions to engage families in the joint development of its campus Parent and Family Engagement Policy:

- Provide parents, families, and guardians the opportunity for input in the development, and the ability to review the effectiveness, of the policy through a flexible number of open meetings and posting on the Lawhon Elementary website and through Skyward notification emails.
- Present the policy to campus decision-making and advisory committees, that includes parents, teachers, and administrators, for review and approval.
- Update the policy regularly to meet the changing needs of the school and families in the spring of each school year, including seeking input from parents, families, and guardians.
- Will be made available to the local community by posting in a common community area.

Lawhon Elementary will involve parents and family members in jointly developing the campus improvement plan through open advisory meetings for parent and family members and parent and community representation on the Campus Education Improvement Council (CEIC). The Campus Improvement Plan (CIP) is updated over the spring and summer of each school year and presented for review and input from parent and community representatives before CEIC approval. If parents have a negative comment concerning the CIP, the comments are given to the principal who then presents them to the Federal Programs/Grants Administrator. The CIP is presented to the school board after it has received CEIC approval.

Coordination of Services:

Lawhon Elementary will coordinate and integrate parent and family engagement strategies under Title I, Part A, to the extent feasible and appropriate, with other relevant Federal, State, and local laws and programs, including public preschool programs, and conduct other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children.

Coordination may occur with:

- Communities in School
- ACE
- CEIC
- PTA

Annual Evaluation:

Lawhon Elementary will conduct, with the meaningful involvement of parents and family members, an annual evaluation of the content and effectiveness of the parent and family engagement policy in improving the academic quality of all school served under this part, including identifying:

- Barriers to greater participation by parents who are economically disadvantaged, disabled, have limited English proficiency, limited literacy, or of any racial or ethnic minority background
- The needs of parents and family members to assist with the learning of their children, including engaging with school personnel and teachers; and
- Strategies to support successful school and family interactions

Lawhon Elementary offers a walk-in, open-door policy to receive concerns.

This evaluation of the campus Parent and Family Engagement Policy will be made in the spring of each school year. The findings of the evaluation will be reported to the Campus Education Improvement Council (CEIC). Parents and family members will be able to provide input through a survey or in two public meetings held at a convenient time on multiple days and times so parents have more than one option to provide input.

Lawhon Elementary will use the findings of such evaluation to design evidence-based strategies for more effective parental involvement, and to revise, if necessary, the parent and family engagement policies.

Supports and Activities:

Lawhon Elementary will involve parents in the activities served under Title I, Part A, for the purposes of developing, revising, and reviewing the parent and family engagement policy and provide such other reasonable support for parental involvement activities under this section as parents may request.

Lawhon Elementary will provide support and coordination to plan and implement effective family engagement and parental involvement in order to improve student academic achievement through:
