SUBSTITUTE EMPLOYEES

A substitute teacher is required to follow the instructions of a teacher and ensure that the established rules and procedures are maintained throughout the classroom in a professional manner. It is important to maintain a positive working relationship between the staff and substitute teachers.

Substitute assignments may change based on the needs of the individual school. A substitute teacher may be asked to accept assignments outside his/her background or educational training. Substitutes may also be asked to cover classes during the regular teacher's planning period. Substitutes are not guaranteed a conference period and may be asked by the principal/campus administrative assistant to substitute for another class during that time. When the substitute arrives for an assignment, the school's needs may have changed (i.e., the substitute accepted a math job, but the school needs them in an English class). Substitutes may not leave campus during the workday. Being flexible with assignments is greatly appreciated by the campus. The staff will assist you with any questions and provide you with additional information needed for the assignment.

HIRING REQUIREMENTS

Substitute Teacher (Certified):

- have a valid Texas Teaching Certificate;

Substitute Teacher (Degreed/Non-Degreed):

- have a college degree from an accredited college or university or
- have completed a minimum of sixty (60) semester hours from an accredited college or university

Substitute Paraprofessional/Aide:

- High school diploma or GED

Substitute RN Nurse:

- Valid RN license
- Valid CPR Certification

Pursuant to Senate Bill 9 (SB-9) passed by the 80th Legislature, substitutes must be fingerprinted before they can begin employment with Pearland ISD.

PERSONNEL FILE

All substitutes must have the following information on file:

- completed online application
- copy of Region 4 online e-course training certificate (if applicable)
- copy of college or university transcript (unofficial or official)
- copy of Texas Teaching Certificate (if certified)
- required federal, state and District forms (I-9, W-4)

SELECTION PROCESS

The position of substitute teacher is a non-contract, as needed position. The District has no obligation to guarantee assignments. Substitute teachers may be removed from assignments if they fail to meet the expectations required of the position. Substitute teacher may be dismissed for job misconduct.

- After successfully attending the required substitute orientation session and the receipt of all required documents, the applicant's name will be added to the active substitute list.
- Only applicants approved by the Human Resource Services Department are eligible to substitute teach in the Pearland Independent School District.

REQUIREMENTS TO REMAIN ON THE ACTIVE SUB LIST

To remain active as a substitute in Pearland ISD, the substitute must work an average of at least **5 days per month** during the school year.

Audits will be conducted throughout the school year to ensure substitutes are accepting assignments on a regular basis. If the audits reveal there has not been any activity and/or an excessive number of aborted or rejected calls in the substitute's record, the substitute will be sent an email notifying them of the decision to inactivate their status with Pearland ISD and the substitute will be removed from the active substitute list.

The substitute will be required to attend another substitute orientation class before being reactivated in the Frontline system.

CHANGE IN PERSONNEL INFORMATION

Any change of name, telephone number, or educational status must be reported to the human resource services department before any changes will be effective and/or approved. All address and telephone changes must be completed using the Employee Self Service [ESS] feature found at www.pearlandisd.org.

When the substitute teacher's educational/certification status has changed, it is the responsibility of the substitute to provide proof of the change. The pay rate change will be effective on the first day of the following pay period after the proof has been received. For example, if a non-degreed substitute teacher obtains his/her degree and/or certification, an official transcript and/or copy of certification from the SBEC website will need to be submitted to the Human Resource Services office as soon as possible. It is the substitute teacher's responsibility to update their certificate before it expires.

CANCELLATIONS

One assignment cannot be canceled to take another assignment. This includes a substitute teacher canceling one job for another job within the District as well as canceling an assignment with Pearland ISD to take an assignment in another District. If an audit reveals that substitutes are cancelling assignments to take other assignments, the substitute will be notified by email that this practice must stop immediately. If a second offense occurs, the substitute will be removed from the active substitute list for Pearland ISD.

If you cancel a job within 8 hours of the start time, Frontline will create an automatic Non-Work day for you and you will not be able to search or accept jobs for the rest of that day.

Given the environment we are in, there may be unforeseen circumstances where the campus may have to cancel an assignment last minute. Substitutes will not be compensated for any assignments resulting in last minute cancellations.

BAD WEATHER CLOSING

The district may close schools for a full day or part of a day because of bad weather or emergency conditions. When such conditions exist, the superintendent will make the official decision concerning the closing of the district's facilities. When it becomes necessary to open late or release students early, information will be provided on the Pearland ISD Web Site.

Substitutes are not compensated for any missed days resulting from unscheduled district/school closure.

ACCEPTING LATE ASSIGNMENTS

Full Day Assignments: The job needs to be picked up within the first hour of the school day. You **MUST** contact the campus to see if a sub is still needed for the full day. The campus has the right to change the position to a half day. If you pick up a late assignment after the start of the school day. You are expected to report to the campus within 30 minutes.

Half-Day Assignments: You **MUST** contact the campus prior to picking up any late half-day assignment to see if a substitute is still needed at the campus. The campus has the right to cancel the assignment. You are expected to report to the campus within 30 minutes.

HOURS OF DUTY

The substitute teacher is expected to remain at school until the end of the school day, which may include the teacher's end-of-the-day duties.

The substitute is expected to arrive at least **30 minutes** prior to the start of the school time. In most instances, duty hours extend from 6:30 a.m. to 4:30 p.m. Extra duty may begin before or extend beyond these hours. (Upon arrival at a campus, it is a good practice to ask the campus administrative assistant for the ending time of the assignment.)

Individual campus circumstances may require assignment of a substitute for only a portion of the school day. In such cases, hours of duty shall be specified when the substitute is contacted.

SIGNING IN

It is the responsibility of the substitute to ensure they check in /check out with the campus administrative assistant each day.

Failure to sign in could delay payment until the following pay period. Please sign in and out at your actual time of arrival and departure.

JURY DUTY AND STAFF DEVELOPMENT DAYS

If the teacher returns to the campus before or up to 4.5 hours of the assignment, the substitute can be released and paid for a half day.

If the teacher returns to the campus after 4.5 hours of the assignment, the substitute will be paid for a full day and can be assigned wherever the campus needs the substitute for the remainder of the time.

Substitutes must receive prior approval from the principal to work on staff development days.

RETIRED SUBSTITUTES

TRS changes its regulations from time to time. To that end, you must rely on your own investigation and understanding of the TRS rules and regulations regarding your employment after retirement. Please contact the Teacher Retirement System for information regarding your TRS account at 1-800-223-8778 or click the following link https://www.trs.texas.gov/TRS%20Documents/employment_after_retirement.pdf

Retirees should carefully monitor the type of position for which they are working.

Retired or former Pearland ISD teachers who have been separated from the District for less than one year will be required to contact human resource services or the payroll office before working as a substitute for Pearland ISD.

WHAT TO DO.....

- ❖ When a substitute teacher arrives on campus for a job assignment that has been cancelled: an explanation regarding the situation should be provided. The substitute will be dismissed without pay. The substitute can be directed to call HRS to see if they may be needed on another campus.
- ❖ When a substitute teacher arrives to take an assignment that has been scheduled incorrectly: (i.e., the wrong date and/or time were entered into Frontline): an explanation should be provided and the substitute will be dismissed without pay. If available, the substitute teacher should be offered the assignment for the correct date and/or time. The substitute can be directed to call HRS to see if they may be needed on another campus.
- ❖ When the substitute discovers an error with his/her paycheck: the substitute should check with the campus administrative assistant to ensure that their time was submitted to payroll correctly. If the time was entered correctly, the substitute should contact the payroll department at 281/485-3203 to ensure that they received the correct number of days worked.

INTERNET/ACCEPTABLE USE POLICY

Internet and Network access are privileges that are available to employees and other designated individuals of Pearland Independent School District. The goal in providing this service is to promote educational excellence at Pearland Independent School District by facilitating communications for resource sharing, collaborative work, and innovations. The District has taken precautions to restrict access to controversial material. However, on a global network it is impossible to control all material. The successful operation of the network relies upon the proper conduct of the users who must adhere to strict guidelines.

Only those substitutes who have received prior approval from the campus administrator, designee, or Frontline Administrator will have access to use the internet or network, otherwise, the substitute is in direct violation of the District's internet/acceptable use policy and will be disciplined according to the dismissal procedures for substitutes, up to and including termination.

LONG-TERM ASSIGNMENTS

Long-term substitute teacher assignment refers to a person substituting in the same job assignment for more than ten (10) consecutive days. Long-term substitute teachers are involved in planning instruction and evaluating student performance. They are expected to attend faculty meetings, in-services, and staff development opportunities, plus other responsibilities as assigned.

Substitutes used in long-term assignments are selected by the principal/director. Non-degreed substitutes, unless in a paraprofessional assignment are not usually used in teaching assignments. Any long-term substitute may be removed from the position by the principal/director at any time.

In addition, should a long-term substitute incur three (3) consecutive absences while working in the long-term assignment, if they return on the fourth day her/his daily rate of pay will remain the same long-term rate. If the substitute does not return on the fourth day her/his daily rate of pay will be adjusted to the beginning daily rate.

LENGTH OF SUBSTITUTE TEACHER EMPLOYMENT

Substitute teachers are used during the 178 instructional-day school year. Substitute teachers are not eligible for unemployment compensation benefits drawn on school District wages during any scheduled school breaks including, but not limited to, the summer, Thanksgiving, winter break, Easter, and spring break. The District understands that a substitute teacher is ineligible for unemployment compensation benefits in the period between the last day of instruction in the current school year and the first day of instruction in the following school year.

This is an at-will position. Employees who work in at-will positions do not have a contract. The substitute may resign at any time without the consent of the District, by telephone, email, and/or a letter.

Each May a letter of reasonable assurance (LRA) for the next school year is emailed to each substitute for completion. If the letter is returned to the Human Resource Services office by the date indicated on the form, the substitute's name will be added to the list of active substitute teachers for the next school year. If the letter is not returned, it is assumed the substitute teacher is unavailable for the next school year and has resigned their substitute position with Pearland ISD. Returning the letter of reasonable assurance by the indicated deadline is the responsibility of the substitute teacher. Letters received after the deadline will require the substitute to possibly attend another substitute orientation class prior to being reactivated in the Frontline system.

HEALTHCARE BENEFITS

The Patient Protection and Affordable Care Act, also known as ACA, was signed into law on March 23, 2010. The Health Care Education and Reconciliation Act was signed into law on March 30, 2010. Upon initial hire and each annual open enrollment period, all part time employees working at least 10 hours per week, are offered medical coverage, and are expected to decline or elect the offer of coverage.

WHAT HAPPENS IF YOU ARE HURT ON THE JOB

All substitutes are required to report any injury on the job to the campus administrator or designee immediately. The campus administrator or designee must complete and submit a "First Report of Injury" form to the Employee Benefits Coordinator on the day of the injury.

A "Return to Work Notice" is required before a substitute can return to the active substitute list. The substitute must provide a medical release stating that the substitute can perform the essential functions of their substitute assignment with or without reasonable accommodations. The substitute must come to the Human Resource Services office before returning to the campus to obtain the "Return to Work Notice" and other additional documents, if applicable.

DISMISSAL OF SUBSTITUTES

A substitute may be dismissed immediately for any of the following reasons:

1. Failure to comply with District policies, guidelines, and practices including directives from a supervisor, whether written or oral. Failure to comply with the District's drug and alcohol testing policy. Failure to follow the District's dress code. Failure to report an arrest within the required three (3) calendar days of the offense.
2. Neglect of duties. Examples may include leaving an assignment without approval from the campus administration, falling asleep while on duty, or not following the lesson plan(s).
3. Inability to perform instructional responsibilities or other assigned duties.
4. Ineffective classroom management.
5. Improper conduct with a student or employee. Examples may include striking a student, using improper language, making inappropriate statements and/or gestures, or touching the student in any manner. Inappropriate statements include but not limited to telling students to shut up, etc.
6. Conviction of a felony or other crime involving moral turpitude. Examples may include theft, swindling, forgery, indecency with a minor.
7. Falsification of records or other documents related to the District's activities.
8. Misrepresentation of facts to the superintendent or other District officials in the conduct of District business.
9. Violating the District's internet/acceptable use policy. Including using the internet without prior approval from the campus principal, designated campus administrator, or Frontline Administrator.
10. Communicating with students such as text messaging, instant messaging, electronic mail (e-mail), Web logs (blogs), electronic forums (chat rooms), video-sharing Web sites (e.g., YouTube), editorial comments posted on the Internet, and social network sites (e.g., Facebook, MySpace, Twitter, LinkedIn, Instagram, Snapchat, etc).

DISMISSAL PROCEDURES FOR SUBSTITUTES

A principal not satisfied with the performance of a substitute may request the substitute be blocked from picking up future assignment for his/her campus. The principal sends human resource services written documentation to support his/her decision to remove the substitute teacher. [NOTE: All written documentation is subject to release to the Texas Unemployment Commission to refute any unemployment compensation claim.] Human Resource Services is responsible for removing a substitute from the active substitute list in Frontline. At the Frontline Administrator's discretion, the substitute will be notified that his/her job performance has been questioned by the principal. The Frontline Administrator may arrange a meeting with the substitute to discuss his/her job performance. After three removal requests or as deemed necessary depending on the offense, a substitute will be removed completely from substituting in Pearland ISD.

Should the action or job performance of a substitute during the school day cause concern for the safety of students or severely inhibit their education, the principal may dismiss the substitute prior to the end of the job assignment or school day. (The principal is required to notify human resource services on the same day a substitute is dismissed.)

The substitute will be paid half the daily rate for services that are greater than one hour and will be paid for the full day pay if worked more than four and one-half hours.

If the substitute is involved in one of the reasons listed under the "Dismissal of Substitutes" section above or any circumstance that places students in danger, the substitute may be removed from the Frontline system and will no longer be able to substitute for Pearland ISD. The determination will be made by the Frontline Administrator or Executive Director of HRS in the Human Resource Services office and the substitute will be notified of the decision.

All substitute concerns must be directed to the Frontline Administrator, not the campus principal or campus designee.

STUDENT TEACHER SERVING AS A SUBSTITUTE

In the absence of the supervising teacher(s), a student teacher may serve as the substitute teacher by meeting all criteria listed below:

- The student teacher agrees to serve as a substitute teacher.
- The University or Alternative Certification Program (ACP) allows their student teachers to participate in substituting for their mentor teacher on campus when they are absent.
- The student teacher has prior approval of their mentor teacher and University/ACP field supervisor agree that the student teacher is capable of handling the teaching responsibilities. Final approval is dependent upon the campus principal's agreement with their recommendation.
- The student teacher attends the mandatory substitute teacher orientation and meets all requirements of a regular substitute teacher including abiding by all District guidelines. Student teachers must attend the orientation prior to the day of substituting to be paid. (Student teachers will be compensated at the rate of pay for a non-degreed with a minimum of 60 college hours.) It is the responsibility of the student teacher to notify the University or ACP field supervisor prior to serving as a substitute teacher for pay.
- A student teacher may substitute without pay so that his/her supervising teacher(s) may take a personal leave day [gift day] and/or when the supervising teacher(s) attends a professional development meeting related to mentoring student teachers at the respective University or ACP. Mentor gift days are allowed one day per semester.

RESPONSIBILITIES OF THE SUBSTITUTE TEACHER

While on the campus and working under the direct supervision of the principal, substitute teachers are expected to comply with the school laws of Texas, the regulations of the State Board for Educator Certification (SBEC), the directives of the Texas Education Agency (TEA), the policies of the Board of Trustees, and the administrative regulations of the school District.

Performance Responsibilities and Duties

1. Arrive promptly at the assigned time and location, go to the front office to receive necessary information needed for the day. The substitute teacher should report at the same time the regular classroom teachers report for duty. Arrive 30 minutes early ahead of the students. If you anticipate that you will be late, you must call the school office so they can plan accordingly. You are expected to remain at school until the end of the school day which may include the teacher's end-of-the-day duties.
2. Sign the time sheet and record the confirmation number to ensure proper reporting of the days employed. Before leaving school, report to the office to sign out and to inquire whether to return the following day.
3. Assume all responsibilities and duties assigned to the classroom teacher.
4. Follow, as closely as practical, the lesson plans provided by the teacher and maintain the regular routine of the class. If time permits, the substitute teacher's sponge activities may be used if students finish early.
5. Student attendance at the elementary schools must be recorded by 10:00 a.m. each day. Attendance at the middle school, junior high schools and high school will be taken during each class period.
6. **UNDER NO CIRCUMSTANCES IS CORPORAL PUNISHMENT TO BE ADMINISTERED.**
7. If assistance is needed, notify the front office by phone or sending a responsible student to the office.

9. All accidents, injuries, or other serious problems shall be reported at the earliest possible time to the principal or campus designee.
10. Leave a summary of work covered in each class and other pertinent information for the regular teacher including discipline problems. Also, attach any notes or communication from parents.
11. Any money turned in to the substitute teacher should be recorded for the regular teacher and taken to the front office before leaving for the day.

RELEASE OF STUDENTS

Anyone who comes to the classroom for information about a student or who comes to the classroom asking that a student be released from school must be directed to the principal's office. In any event, students are not to be released from the classroom without official notice from the office.

STUDENT WELFARE: CHILD ABUSE AND NEGLECT

Anyone with reasonable cause to believe that a child's physical or mental health or welfare has been adversely affected by abuse or neglect, as defined by Texas Family Code §26.001, are required by state law to make a report to a law enforcement agency, Child Protective Services (CPS), or appropriate state agency (e.g., state agency operating, licensing, certifying, or registering the facility) within 48 hours of the event that led to the suspicion. Alleged abuse or neglect involving a person responsible for the care, custody, or welfare of the child (including a teacher) must report to CPS.

Reports to Child Protective Services can be made online at <https://www.txabusehotline.org/Login/> or to the Texas Abuse Hotline (800-252-5400). State law specifies that an employee may not delegate to or rely on another person or administrator to make the report.

Reporting your suspicion to a school counselor, a principal, or to another school staff member does not fulfill a person's responsibilities under the law. Furthermore, the District cannot require a person to report his suspicion first to a school administrator.

By failing to report a suspicion of child abuse or neglect, a person

- may be placing a child at risk of continued abuse or neglect;
- is violating the law and may be subject to legal penalties, including criminal sanctions;
- is violating Board policy and may be subject to disciplinary action, including possible termination of employment; and
- Certification issued by State Board for Educator Certification (SBEC) may be suspended, revoked, or canceled.

POSSESSION OF FIREARMS AND WEAPONS

Employees, substitutes, visitors, and students, including those with a license to carry a handgun, are prohibited from bringing firearms, knives, clubs or other prohibited weapons onto school premises (i.e., building or portion of a building) or any grounds or building where a school-sponsored activity takes place. SEARCHES, ALCOHOL, AND DRUG TESTING

Policy DHE

Non-investigatory searches in the workplace including accessing an employee's desk, file cabinets, or work area to obtain information needed for usual business purposes may occur when an employee is unavailable. Therefore, employees are hereby notified that they have no legitimate expectation of privacy in those places. In addition, the district reserves the right to conduct searches when there is reasonable cause to believe a search will uncover evidence of work-related misconduct. Such an investigatory search may include drug and alcohol testing if the suspected violation relates to drug or alcohol use. The district may search the employee, the employee's personal items, and work areas including district-owned technology resources, lockers, and private vehicles parked on district premises or work sites or used in district business.

Basis for Testing Employees/Substitutes for Drugs and Alcohol

All Employees/Substitutes May Be Tested

Reasonable Suspicion

Reasonable suspicion exists when a designated District employee who has received the District's training on drug and alcohol signs and symptoms observes behavior in an employee provides reasonable cause to believe the employee is under the influence of alcohol or drugs in violation of DHE (LOCAL). The District's decision to require testing must be based on current and specific observations as outlined in DHE (LOCAL).

Reasonable suspicion also exists if an employee is involved in an accident while operating a District motor-driven vehicle or motor-driven equipment in the course and scope of his or her job.

Post-Accident

An employee in a designated safety-sensitive position is subject to alcohol/drug testing following an incident involving a District motor-driven vehicle or motor-driven equipment. Employees involved in or contributing to an accident in which the use of alcohol or drugs is reasonably suspected, or employees involved in a pattern of repetitive accidents is subject to testing.

Random

Only a position designated as a safety-sensitive position is subject to random drug and/or alcohol testing. Human resource services will develop a plan including test dates reasonably spread throughout the school year. The employee must report to a designated collection site for testing immediately after being notified by their supervisor. Employees may return to work upon completion of the testing process and only notified if the test is positive for drugs or alcohol. Failure to report immediately is considered positive.

The District is committed to providing a safe and productive learning environment for students and staff. It is the responsibility of all employees to report concerns of reasonable suspicion of the use of drugs and/or alcohol to their supervisor.

Employees are prohibited from reporting for work or remaining on duty while under the influence of alcohol or illegal drugs.

Reasonable Suspicion Searches

The District reserves the right to conduct searches when the District has reasonable cause to believe that a search will uncover evidence of work-related misconduct. The District may search the employee, the employee's personal

items, work areas, lockers, and private vehicles parked on District premises or worksites or used in District business.

Note: The following provisions apply to all District employees.

The District shall foster and maintain a program to achieve a drug-free workplace and to provide a consistent model of substance-free behavior for students.

Scope

The medical review officer may be an employee of the laboratory conducting the testing if the laboratory establishes a clear separation of functions to prevent any appearance of a conflict of interest, including ensuring that the medical review officer has no responsibility for, and is not supervised by or the supervisor of, anyone who has responsibility for the testing or quality control operations of the laboratory.

These are duties which, if performed with inattentiveness, errors in judgment, or diminished coordination, dexterity, or composure, may result in mistakes that could present a real or imminent threat to the personal health and safety of students and other employees. An employee who operates a vehicle as part of his or her regularly assigned, routinely performed job duties shall be considered to be in a safety-sensitive position. Each department shall recommend which of its positions should be considered safety sensitive. The recommendation shall be provided to the executive director for human resource services or designee, who shall review, approve, and maintain a master list of safety-sensitive positions subject to random testing. Employees shall be notified if they hold safety-sensitive positions and are subject to random drug and alcohol testing.

It is not a violation of this policy for any employee with a current, valid prescription for a drug to use, possess, or be under the influence of such drug in the manner, amount, and for the purposes prescribed, if such use does not affect the employee's performance or create a risk to the safety of the employee or to others.

Employees shall be responsible for learning the possible effects of prescription and non-prescription drugs they use while working.

Nothing in this policy shall require an employee to reveal the name or type of medication he or she is taking or the reason for taking it. An employee who is required to take a drug test based on reasonable suspicion and whose test detects certain levels of prescription drugs may, however, be given the opportunity to disclose the name of the medication prescribed in order to determine if the employee has violated this policy.

The District may, at its discretion, require an employee in a safety-sensitive position to refrain from working while under the influence of any drug or medication, or require such an employee to obtain from his or her physician written authorization regarding his or her ability to perform essential job duties safely while taking the medication.

Upon receipt of the request, the executive director of human resource services or designee shall make a final decision whether reasonable suspicion exists.

In addition, reasonable suspicion shall be deemed to exist whenever an employee is involved in an accident while operating a motor-driven vehicle or motor-driven equipment in the course and scope of his or her

employment. An employee involved in such an accident shall immediately notify the employee's supervisor and the human resource services department.

If a test is authorized, the executive director of human resource services or designee shall contact the employee and contact the drug-testing facility. Authorized District personnel shall transport the employee for immediate drug and/or alcohol testing. The drug and/or alcohol test shall be conducted in accordance with the procedures established by a certified drug-testing company with which the District has contracted.

Failure to submit to a drug or alcohol test that is based on reasonable suspicion shall be considered failure to follow a directive and/or insubordination and may result in disciplinary action up to and including termination of employment. [See DF series]

Upon completion of a drug and/or alcohol test based upon reasonable suspicion, an employee shall not return to work until the executive director of human resource services or designee has received the results of the test.
