

The goal of the Explorer Club is to extend the AP Social Studies classroom beyond our nation’s borders. It is the goal that through international travel, students immerse themselves into learning of international laws, customs, and cultures. Students will see history and classroom learning come to life. To meet the aims and goals of the Explorer Club it is required that students participate in 2 of the following classes at either Pearland High School or Dawson High School:

- AP Comparative Government
- AP Human Geography
- AP European History
- AP World History

By signing the oath below it does not ensure you will be enrolled in the classes because sometime scheduling conflicts occur. However, it does ensure that you are committed to the total program that is the Pearland ISD Explorers Club.

I _____ understand that by signing up for international travel with the Explorers Club that I will request, am currently enrolled in, or have already taken two of the classes listed above.
