

Pearland ISD Sample Remote Learning Schedule

Pearland ISD will offer remote instruction via online format for the 2020-21 school year. Online instruction will be offered through Remote Synchronous and/or Remote Asynchronous Instructional format. **Remote online learning will be as rigorous as on-campus instruction.** Students participating in Remote Learning will engage with live teacher-led instruction along with independent learning during normal school hours. High School students will have a daily instructional schedule similar to students who are learning on-campus. Many elective classes will follow an Asynchronous instructional mode with teacher feedback. The schedule below is an example of what a schedule could look like for a Junior High or High School student. **Period and lunch times in the schedule will be dependent upon the campus bell schedule.**
