TPSP Project
The Giving Project Research Paper

TPSP Background Research

When scientists develop an idea, they first perform research to determine what is already known about their idea. Background research enables a scientist to be knowledgeable before beginning their experiment. Your background research paper is part of your required TPSP project.

Papers must be typed in **12-point, Times Roman font, and 1" margins, double-spaced**. Use the template for your Giving Project report. This will help you keep everything in one place. Be sure to save and make back-up copies of your report just in case.

The Background Research paper must include the following topics: **introduction, background, action plan, measurable impact, future impact and a conclusion**. Use the following guide to help you.
