

Saving online notes for Tech Theatre

Sometimes PDF files open in people's browser windows and browsers don't always do a good job of saving the entered data. So what we recommend is that they save the file to their computer, then open the file using the official Adobe Acrobat Reader software, which is available free to anyone

here: <https://get.adobe.com/reader/>

1. Download the lesson notes
2. Right click and select open with
3. Choose to open the lesson plan with Adobe Reader
4. If you do not have Adobe reader click the link above for a free download.
5. Fill in the blanks and then save again
6. Upload it to canvas or turn in it to Barker in class.
