

College Board has found that students who commit early to taking their AP exams have an increase of scoring a 3 or higher. College Board has implemented earlier deadlines for AP exams to be ordered. As a result, we have updated the timelines in which the campus must order AP exams. The cost of each AP exam is \$95 unless the district approves a subsidy to offset the cost of the exam.\* More information concerning any subsidies approved by the district will be released at a later date. If a student qualifies for free and reduced lunch, please speak with your campus AP Coordinator concerning the reduced cost of the AP exam.
