Students will learn to communicate visually through personal expression and through the study of different artistic styles. Students will also use the Padlet app in class for technology integration.

Attendance/Tardiness/Behavior: Attendance will be taken every day. Students are expected to be in their seats and ready to learn. Failure to come to class on time will affect instruction. If tardies and absences continue, students may be referred to the office. Students will be around art materials and will be expected to behave at all times. Respect others around you and all/any materials provided.

Class Participation: Students are all expected to participate in class. If you don't come to class and don't participate you will not pass.

Grades, Exams, Quizzes, and Assignments: Grades are based on participation, daily work, projects, and semester exams. Students are responsible for paying attention and asking for help when needed. Testing will reflect learning. If you do not understand, please ask for assistance. All assignments will reflect information discussed during class time. **Oiler Hour** is a good time to seek extra help as needed.
